

DELRAY CAMPUS
COVID-19 (Coronavirus) Information

Updated: March 24, 2020

Dear Parents,

I hope your week has gotten off to a good and healthy start. Though we are eagerly looking forward to the day we can return to school here on-campus, our teachers are also excited to check-in with you online later this week as we continue preparations for online learning. Please look over the reminders and information below and continue to check your email for more updates.

A Few Reminders:

- Look for more information about our online learning platform later this week, including your individual log-in information which will be sent on Thursday, March 26.
- Online instruction officially begins Monday, March 30. You'll be able to log-in and complete a practice activity from your child's teacher this Friday, March 27.
- Our office remains open from 9 am - 3 pm each weekday, and all our academy and church staff is available by email at any time. Please let us know if you need anything.

Also, as we prepare to begin online instruction next week, here are some tips for learning at home with your child:

- Find a comfortable place to work at home. Especially for children working through assignments and turning in homework having a dedicated work space will help them do their best.
- Establish a daily routine that works well for your family and includes your child's online and home learning plans. Creating and hanging up a schedule with words and/or pictures will make it easier for everyone to see and follow.
- Take regular (no screen) breaks during the day and make time to be active, have fun, and be together as a family. Singing, dancing, creating, drawing, playing and moving are important parts of learning, too.
- Ask your child about their work and what they're learning. Have them explain or show you how to complete an assigned task.
- Communicate often with your child's teacher and continue to look for regular email updates from school. We are here to help and want to know how to best support you as we continue adjusting to this process together.

We continue to pray for all of you and thank you for your continued support. Please consider the following prayer this evening:

Dear Father in heaven, we continue to pray for the COVID-19 situation around the world. You are our foundation, and our hope is ultimately found in you. Continue to guard and keep us safe during this time. Continue to bless the work of everyone working overtime to create solutions for

this pandemic. Finally, we pray for our hearts and minds to be filled with an overwhelming peace and calm that is found in you and your promises. We pray this in your Son's name. Amen.

Blessings,

The DSA Administration
