

DELRAY CAMPUS
COVID-19 (Coronavirus) Information

Updated: March 25, 2020

Dear Parents,

We pray the week is going well. Each day is a new day of God's mercy, even as the world is experiencing a great level of difficulty in many ways. You continue to be in our thoughts and prayers, and our staff misses the daily interactions and looks forward to those returning soon, God-willing.

A Few Reminders:

- You will receive an email tomorrow, Thursday, March 26, with instructions for downloading Microsoft Teams, our online learning platform, and your individual log-in information.
- You'll be able to log-in and complete a practice activity from your child's teacher this Friday, March 27, in preparation for more online learning next week.
- Attached to this email, you will find more information about what learning at home will look like specific to your child's grade level.
- In the coming days, please share your questions and feedback with us as we all adjust to this new platform.

Our thoughts and prayers are always with you. May God continue to be the center of your life and source of strength. Please consider the following prayer this evening that was shared with us:

Dear Father in heaven, what a great comfort it is to know that you are sovereign – that you are in charge of all that is going on in the world. Thank you for knowing all things and that nothing that is taking place in our lives is taking you by surprise. What a comfort to know that you will take each problem and situation and use it to accomplish your will in our lives. Thank you for your constant presence and strength that can get us through all the difficult and trying times in our lives. Please send comfort and help to those who are struggling in this world of strife. Calm those who are fearful, protect those who are weak, provide for those who are in need, heal those who are sick, and bring all who do not know you into a saving knowledge of Jesus Christ, our Lord and Savior. We pray this in your Son's name. Amen.

Blessings,

The DSA Administration
