MAP Growth Testing

All Divine Savior students will soon be taking a MAP Growth test from NWEA. MAP Growth scores help teachers check student performance by measuring achievement and growth. Teachers use results to tailor classroom lessons and set goals for students. MAP Growth test results provide a more complete picture of what your child knows and is ready to learn—whether it is on, above, or below their grade level. MAP Growth tests provide immediate and accurate information about your child's learning. Students in grades K-12 will take the tests three times this school year to measure growth and progress. Following each testing period, you will receive a Family Report showing a summary of how your child is performing academically. We are truly excited to focus on your child's individual growth and achievement. For more information about MAP Growth, visit [NWEA.org/familytoolkit](https://www.nwea.org/familytoolkit).

Spiritual Life Surveys

At Divine Savior, we want to bring families closer to Jesus. It is why we exist. Now, more than ever, we want to do whatever we can to help every family at Divine Savior be spiritually strong in Jesus. Here is how you can help us: This week each homeroom teacher will be sending you a link to complete a brief Spiritual Life Survey. The purpose of this survey is to better understand your family's spiritual needs so that we, as a church and a school, can serve you better. In addition to parent responses, the 4th and 5th grade students will be asked to complete a brief Spiritual Life Survey in class. Through your child's homeroom teacher, 4th and 5th grade parents will also be receiving a link to complete the same survey. Thank you in advance for taking a couple minutes to complete it. We are looking forward to hearing from you!
