

Divine Savior Academy

HIGH SCHOOL LAPTOP REQUIREMENTS 2021-2022

Microsoft in Education: Divine Savior Academy made the transition to Microsoft in the 2020-2021 school year. The productivity suites have allowed our teachers and students to collaborate and create inspiring models of learning.

Microsoft Surface Laptop Go: Introducing a device designed by Microsoft for students. This college-prep device contains 8GB RAM, giving it ample memory to utilize the Adobe, Autodesk, and Microsoft suite applications integrated into our curriculum. The 256 GB solid-state hard drive provides enough storage to hold both major and minor projects throughout and beyond high school. The i5 processor powers this light-weight device along with all the added, high-performance benefits.

Benefits of this Program:

- Latest Microsoft Surface Laptop Go
- Microsoft Complete for Business insurance
- Microsoft Office 365 on up to 5 devices
- Active and passive device monitoring and management
- College-prep applications such as AutoCAD, Adobe Premier Pro & Photoshop, Office 365, etc.
- Device ready to graduate with our graduate

**Monitoring device management
to defeat distractions
and enhance engagement**

**Surface Laptop Go
i5 Processor
8 GB RAM
256 GB SSD**
